DETAILED ACTION
EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Price on 9/15/08.

IN THE CLAIMS

Claim 21 line 8 reads "component causes the elastic element" is now - -
"component causes an elastic element"

Allowable Subject Matter

Claims 1-6, 8-12, 14-16, 18, 21, 25 and 26 are allowed.

The following is an examiner's statement of reasons for allowance:

Re clm 1, the prior art of record does not teach nor render obvious the claimed combination wherein comprising at least one of the stopping faces being displaceable perpendicular to the longitudinal axis by means of an elastic element that is a bent punched part of the component, such that the component and the element are monolithic, and the component is wedge-shaped and causes the elastic element to displace in a radial direction with respect to the shaft thereby maintaining an axial force to eliminate shaft longitudinal play.

Re clm 21, the prior art of record does not teach nor render obvious the claimed combination wherein comprising at least one of the stopping faces being arranged in a displaceable manner perpendicular to the longitudinal axis, and the component causes an elastic element to displace in a radial direction thereby maintaining an axial force to equalize shaft longitudinal play, wherein the component can be displaced by an elastic ring element, the ring element being formed so that it can be compressed causing it to be expanded radially, and is arranged between the axial stopping face and the conical stopping face.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JAMES PILKINGTON whose telephone number is (571)272-5052. The examiner can normally be reached on Monday - Friday 7-3.
